

Wheelchair space (rear)
plus five additional seats

MERCEDES V-CLASS REAR ENTRY

Individual transport and ride along solution
by PARAVAN for wheelchair users

Version Mercedes_VKlasse Heck_V3.0 08/2020 EN

- Innovation and technology made by PARAVAN
- Wheelchair anchorage in the rear (fastening rail or floor-mounted fasteners with belt system)
- 2 electric belts at the front make stowing easier and prevent your wheelchair from rolling backwards
- Electric winch (optional)
- Cassette carpeted (reducing noise, no risk of slipping)
- Power-supporting, folded ramp with side handle possible (optional)
- Split ramp thus clear view through the rear window (optional)
- 3-point belt system
- Lightweight drive-on ramp available - up to 70% weight reduction (optional)
- High quality workmanship for the rear cut-out and tub (bolted and riveted)
- Air suspension on rear axle resulting in a reduced entry angle (optional)
- Two retractors for wheelchair fastening
- Complete preservation of the back seat row
- Mechanical head and back rest (optional)
- Width of cassette approx. 850 mm
- Length of cassette approx. 1310 mm
- Entry height approx. 1410 mm
- Ramp length standard 1200 mm (variations possible)
- Stainless steel exhaust system
